## Your 5 Star Services: Rentals/Staging Installation Video Production Service New/Used Equipment

With the renowned aviators of World War II as our inspiration, our staff of "A/V-ators" takes pride in providing quality A/V services with exceptional 24/7 availability. Our motto, "First to Show, Last to Go" means you can count on our commitment to stay until the job is finished to your satisfaction.

### We're Moving On Up!

A/V Davey has officially purchased property at 848 Danbury Road in Wilton, CT which may serve as the business' future rental and office location. The new property has three has three structures including a house, retail space and a three bay garage. The new A/V Davey will

Future home of A/V Davey Audio Visuals. Would you move your business here?

be providing the same great service with even more unbeatable rental discounts. We want to keep you updated as our move plans progress, so for ongoing updates go to Davey's personal 'Move' blog at [http://www.avdavey.com/moving\\_to\\_wilton.php](http://www.avdavey.com/moving_to_wilton.php).

### Star Studded Golf Event

A/V Davey provided audio visual support for a recent golf fundraiser for the Memorial Sloan-Kettering Cancer Center. The star-studded event, at Glen Arbor Country Club in Bedford, NY, included Joe Torre, Yogi Berra, Ahmad Rashad and golf pro Gary Player who designed the course. A/V Davey services included wireless audio feed, various sound systems and video projection on a screen flown from the tent's ceiling.

Rent the A/V Davey flatbed truck as a stage or to display your next parade float.

### Give Your Kid's Sports Team a Gift to Remember

Hired by a local soccer team's coach and parents, Davey recently video taped a youth championship soccer game as memorabilia for the team. A/V Davey provided editing and added music and titles including each player's name and quotes. At the end of the season, each kid received the DVD which included the team's photo. It served as a unique parting gift and a great memory of the team's season together.

### Davey's Divorce

Davey's wife didn't like the early morning cell calls. She didn't like the late night ones either. She complained when the customers called while the family was on a trip or in the car. She wasn't happy about the emergency jobs that came his way. She wasn't into the holidays he had to work. When the busy season came, she called him several times a day to find out when he was coming home. She decided recently that she did not want to be Mrs. A/V Davey any more. Davey was surprised. Funny, he never expected servicing his customers 24/7 would end his marriage. Who knew?

The US Department of Agriculture recently held a public hearing at the Berlin Fair Grounds and used a speaker limit timer from A/V Davey

### Time Management Tool for Speakers

If you need a better way to control the timing and duration of speakers and presentations at your next meeting, debate or event, A/V Davey has the solution. Our limit timers alert speakers or presenters by using red, yellow and green lights. The system, which is controlled remotely, can be programmed to meet your specific time requirements. Rent a limit timer for only \$129 per day. Call Christine at 800-AVDAVEY for details.

### You've Got Mail

Thanks for opening our quarterly emails. Statistics show that our last email campaign had an open rate of 35.21% which is 10-13 percentage points higher than the average.
